Important Market & Industry Information

2. Commodity & Currency Research Desk

- Rupee traded in positive near 75.20 positive trend for rupee was backed gains in secondary capital market gains. Positive Crude price kept gain limit towards 75.20 with dollar prices traded muted, and secondary capital markets good performance helped rupee gains as capital markets show strength this week.
- Gold prices traded in range from last week 48700 to 48200 on back of muted trend in Spot prices trading near \$1800. But rise in rupee made some corrections in Domestic Gold prices. With Christmas holidays momentum will be limited and range bound with low volumes.
