7. Pursuant to the provisions of the Act, a Member is entitled to attend and vote at the AGM is entitled to appoint proxy to attend and vote on his/her behalf and the proxy need not be a member of the Company. Since, this AGM is being held through VC/OAVM, the physical attendance has been dispensed with. Accordingly, the facility for appointment of proxies by the members to attend and cast vote is not available for this AGM and hence the Proxy Form and Attendance Slip are not annexed to this notice. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
8. In line with the MCA Circulars the Notice calling the AGM along with Annual Report 2021-22 is being sent only through electronic mode to those members whose e-mail address is registered with the Company or the Depository Participant(s). Members may note that the Notice of AGM along with Annual Report has also been uploaded on the website of the Company at www.lkpsec.com, websites of BSE Limited at www.bseindia.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-voting facility and e-voting system during the AGM) at www.evotingindia.com. Members (Physical / Demat) who have not registered their email addresses with the company can get the same registered with the company by requesting to our Registrar and Share Transfer Agent i.e. Adroit Corporate Services Private Limited ('RTA') at info@adroitcorporate.com and to the Company at ho_compliance@lkpsec.com.
9. Institutional/Corporate Shareholders (i.e. other than individuals/HUF, NRI, etc.) are required to send a scanned copy (PDF/ JPG Format) of its Board or governing body Resolution/Authorization etc., authorizing its representative to attend the e-AGM on its behalf and to vote through remote e-voting. The said Resolution/Authorization shall be sent to the Scrutinizer by email through its registered email address to scrutinizerlkpsec@gmail.com or with a copy marked to www.evotingindia.com.
10. Notice is also given under Section 91 of the Act read with Regulation 42 of the SEBI Listing Regulations that the Register of Members and the Share Transfer Book of the Company will remain closed from Tuesday, June 14, 2022 to Monday, June 20, 2022 (both days inclusive).
11. The information and instructions for shareholders for remote e-voting are as under:
 - I. Pursuant to Section 108 of the Act, Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended and Regulation 44 of SEBI Listing Regulations, the Company is pleased to provide the facility to Members to exercise their right to vote on the resolutions proposed to be passed at AGM by electronic means.
 - II. The Company has engaged the services of Central Depository Services (India) Limited (CDSL) to provide e-voting facility.
 - III. Voting rights shall be reckoned on the paid-up value of shares registered in the name of the member/ beneficial owner (in case of electronic shareholding) as on the cut-off date, i.e., Monday, June 13, 2022. A person who is not a member as on the cut-off date should treat this Notice for information purposes only.
 - IV. A person, whose name is recorded in the register of members or in the register of beneficial owners maintained by the depositories as on the cut-off date, i.e. Monday, June 13, 2022 only shall be entitled to avail the facility of e-voting/ Poll on Demand.
12. Information and other instructions relating to e-voting are as under:
 - (i) The voting period begins on Thursday, June 16, 2022 at 09:00 A.M. and ends on Sunday, June 19, 2022 at 05:00 P.M. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of Monday, June 13, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

- (ii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020, under Regulation 44 of SEBI Listing Regulations, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iii) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

SECRETARIAL AUDIT REPORT

For the financial year ended March 31, 2022

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
LKP Securities Limited.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by LKP Securities Limited (hereinafter called the Company).

Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/ statutory compliances and expressing my opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit*, we hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2022 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance- mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained* by the Company for the financial year ended on 31st March, 2022 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder; except for
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') as applicable to the company:-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009; (not applicable to the company during the audit period)
 - (d) The Securities and Exchange Board of India Share Based Employee Benefits) Regulations, 2014;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; (not applicable to the company during the audit period)
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; (not applicable to the company during the audit period) and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; (not applicable to the company during the audit period)
- (vi) Other Applicable Acts;
 - (a) The Employees Provident Fund & Miscellaneous Provisions Act, 1952;
 - (b) Employees State Insurance Act, 1948;
 - (c) Payment of Gratuity Act, 1972;
 - (d) The Sexual Harassment of Women at Workplace (Prevention, Prohibition & Redressal) Act, 2013;

I/we have also examined compliance with the applicable clauses of the following:

- (a) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (b) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above except for the following:

LKP Finance Limited (Promoter) had acquired 4.77% of total equity shares in the Company through open market on 9th June, 2021. Further, there was an inter-se transfer (by gift) amongst the Promoters of the Company i.e from Mr. Mahendra V. Doshi to Mr. Pratik M. Doshi for 1.32% of total equity shares on 27th August, 2021, thereby crossing the gross acquisition limit of 5% for a financial year, as provided in the Explanation to Regulation 3(2) of the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011. Hence in our opinion, the said inter-se transfer need exemption report as required under regulation 10(6) and 10(7) of the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011.

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period the company has not undertaken event/action having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, etc. referred to above except for:

i. Allotment of equity shares to the eligible employees of the Company pursuant to Options Granted under LKPS Employee Stock Option Scheme – 2017.

MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE AND DEVELOPMENTS

With the successful rollout of vaccines this year started on an optimistic note for the global capital markets. Across the world, asset classes have witnessed unparalleled growth, driven by enhanced liquidity and prospects of a strong post-pandemic economic recovery. Retail investors are one of the primary drivers for this growth in liquidity.

Tackling several obstruction, such as the continuous northward movement of crude oil prices coupled with supplyside disruptions, which led to inflationary pressure that drove up commodity and food prices, relentless selling by foreign investors along with the emergence of new COVID variants, the hawkish stance of the US Fed and geopolitical conflict, Indian equity markets performed reasonably well during this financial year.

Despite the developments, the benchmark stock market indices in India – Sensex and Nifty 50 – surged by 18.3% and 18.9%, respectively. This performance was supported by strong corporate earnings, sharp rise in COVID-19 vaccination, opening up of business establishments across the country and, more importantly, explosive growth in the size of India's retail investor segment that is increasingly looking at equity investments as a viable and sustainable option to the sublime returns offered by risk free assets.

ADTO (Average Daily Turnover) has shown increasing trend since past months especially during the lockdown period, which was a result of buoyancy in equity markets and increasing retail participation. However, it would be key to watch how the trend behaves in coming months as margin requirement rises in step wise manner as per SEBI's new regulation. Robust client addition and market volatility are key factors for surging volumes largely led by options.

We believe the industry is moving towards fee for service model wherein a customer is charged fee as per services availed instead of a standard or fixed charge. With financial savings rising and lower interest rates, equity as an asset class will continue to remain attractive, Capital market businesses are currently in a sweet spot in the journey or transition of business model. While we expect discount brokers to continue with growth ahead, however revenue growth is largely dependent on client additions as scope for higher pricing remains difficult. Hence, earnings growth from pure brokerage income to remain limited.

OPPORTUNITIES AND THREATS

With the increase in size and importance of India's financial sector relative to its overall economy, the equity broking industry is set for increased volumes over the next few years. Further, since equities are expected to do well over the longer term, we will likely see increased investor participation.

Ability to onboard clients and complete their KYC journey digitally has been a big boost for the industry. Extensive use of Artificial Intelligence and Machine Learning capabilities are imperative to create a vital differentiator across the entire value chain of the business. The digital brokerages today garner a dominant share in the industry with their service offerings to clients using digital trading platforms. Facilitated by seamless DIY registration, ease of transacting, offering an open architecture with integration of 3rd party products, the industry is experiencing a surge in retail investor participation, which, in turn, is boosting the overall trading volumes.

Acquainted of the situations the Company is making conscious efforts to increase investor participation and has plans to increase its overall market share by targeting profitable segments. The Company is also focusing on efficient use of technology to become a cost efficient performer in the market. The Company will continue to focus on technology, drive client acquisition, increase its business partner network, provide efficient trading tools and value added research advice to its clients. The overall strategic focus is to create product and service differentiators across all segments.

SEGMENT WISE / PRODUCT WISE PERFORMANCE

The Company offers research based equity advisory and trading services to individuals, corporates and retail clients. With presence in more than 150 cities in India through network of branches and franchisees, it has helped the Company achieve a de-risked business model and a wide spread presence.

OUTLOOK

The broking industry is growing immensely with negligible penetration in tier II, III and beyond geographies where about 60% of the country's population resides. With these geographies accessible largely through digital means, a significantly large market share will be up for grabs between the top 10 digital players. The Company is pushing hard to demonstrate its capabilities to harness this opportunity over the last few years. With its strong understanding of these markets supported by its best-in-class digital products, the Company will aggressively take a dominant market share amongst these players.

The Company's technology-based platforms play a key role in facilitating business from self-serviced segments, and provide a larger base for cross-selling financial products. Its strategy continues to be built on improving and fortifying research content,

investing in technology for trading platform as well as human resources. The Company during the financial year under review has made substantial investments in people, processes and technology and continues to focus on delivering steady performance. The Company has taken into consideration the changes in the capital market and brokerage segment and is well prepared to overcome challenges and perform sustainably.

RISKS AND CONCERNS

The very nature of the Company's business makes it subject to various kinds of risks. The Company encounters market risk, credit risk and operational risks in its daily business operations. Further the stock broking industry has witnessing intense competition, falling brokerage rates and the entry of several big players. The Capital market industry in which your Company is operating is subject to extensive regulation. The Company evaluates the technological obsolescence and the associated risk and makes investment accordingly.

Risk management is a key element of our business strategy and is integrated seamlessly across all of its business operations. The objective of the risk management process is to optimize the risk-return equation and ensure prudent financial management; along with meticulous compliance with all extant laws, rules, and regulations applicable to all its business activities. A strong risk culture is designed to help reinforce resilience by encouraging a holistic approach to the management of risk throughout the organisation. The Company has invested in people, processes and technology to mitigate both external and internal risks.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has an adequate system of internal controls to ensure accuracy of accounting records, compliance with all laws & regulations and compliance with all rules, procedures & guidelines prescribed by the management. An extensive internal audit is carried out by independent firm of Chartered Accountants. An internal team of inspection also regularly visits branches for ensuring regulatory compliance. The Board/Audit Committee reviews the overall risk management framework and the adequacy of internal controls instituted by the management team. The Audit Committee reviews major instances on a quarterly basis and actions are taken on the same. It also focusses on the implementation of the necessary systems and controls to strengthen the system and prevent such recurrence. The internal processes have been designed to ensure adequate checks and balances and regulatory compliances at every stage. Internal audit team carries out a risk-based audit of these processes to provide assurance on the adequacy and effectiveness of internal controls for prevention, detection, reporting and remediation of frauds. Post audit reviews are also carried out to ensure follow up on the observations made.

Independent Auditor's Report on the Audit of Standalone Financial Statements

To

The Members of **LKP Securities Limited**

1. Opinion

We have audited the accompanying standalone financial statements of **LKP Securities Limited** ("the Company"), which comprise the balance sheet as at 31 March 2022, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the standalone financial statements including a summary of significant accounting policies and other explanatory information (herein after referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the year ended 31 March 2022. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No	Key Audit Matter	Auditor's Response
1.	<p>Accuracy and completeness of revenue recognized and related IT systems</p> <p>The application of revenue recognition accounting standards involves revenue arrangements and relevant contracts.</p> <p>Due to the different revenue arrangements and the degree of complexity of IT systems and processes used, we have considered this matter as a key audit matter.</p> <p>The Company's accounting policies relating to revenue recognition are presented in note 2 to the standalone financial statements.</p>	<p>Principal Audit Procedures</p> <p>Our audit approach was a combination of test of internal controls and substantive procedures which included the following:</p> <ul style="list-style-type: none"> - Understanding the significant revenue processes including performance of an end to end walkthrough of the revenue assurance process and identifying the relevant controls (including IT systems, interfaces and reports). - Reviewing sample contracts for accounting treatments opted and testing the related revenues recognized during the year and to have reasonable assurance of adequate IT controls. - Performing data analysis and analytical reviews of significant revenue streams; - Reviewing key reconciliations performed by the Revenue Assurance team of the Company; - Performing specific procedures to test the accuracy and completeness of adjustments relating revenue; and - Performing procedures to ensure that the revenue recognition criteria adopted by the Company for all major revenue streams is appropriate and in line with the accounting policies. <p>Conclusion</p> <p>Our procedures did not identify any material exceptions.</p>

4. Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard

5. Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, Company's Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Company's Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are responsible for overseeing the Company's financial reporting process.

6. Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

7. Report on Other Legal and Regulatory requirements

- I. As required by the Companies (Auditor's Report) Order, 2020 issued by the Central Government of India in terms of Section 143(11) of the Act ("the Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the "Annexure A" a statement on the matters specified in the paragraph 3 and 4 of the Order.

II. As required by Section 143 (3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The balance sheet, the statement of profit and loss including other comprehensive income, the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account;
- d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended;
- e) On the basis of the written representations received from the directors as on 31 March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164(2) of the Act;
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B";
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/payable by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act; and

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts having any material foreseeable losses; and

Annexure - B to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 7(II)(f) under "Report on other Legal and Regulatory requirements" of our report of even date to the members of LKP Securities Limited on the standalone financial statements for the year ended 31 March 2022

We have audited the internal financial controls over financial reporting of **LKP Securities Limited** ("the Company") as of 31 March 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on "Audit of Internal Financial Controls over Financial Reporting" (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

1 Company information

LKP Securities Limited ("the Company") is domiciled and incorporated in India and its shares are publicly traded on the Bombay Stock Exchange (BSE) in India. The Company's registered office is located at 203, Embassy centre, Nariman point, Mumbai 400021, Maharashtra, India. The Company is engaged as a stock and securities broker and providing other financial service with nationwide network across assets classes equities, debt, structured products, Portfolio Management services and Third party distribution.

The separate financial statement (hereinafter referred to as "Financial Statements") of the Company for the year ended 31 March 2022 were authorised for issued by the Board of Directors at the meeting held on 29 April 2022.

2 Significant accounting policies

(a) Basis of preparation

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and liabilities defined benefit plan liabilities and share based payments that are measured at fair values at the end of each reporting period, as stated in the accounting policies stated out below. The Company presents its Balance sheet in the order of Liquidity.

Accounting policies have been consistently applied except where newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakh as per the requirement of schedule III (except per share data), unless otherwise stated. 0 (Zero) denotes amount less than thousand.

(b) Property, plant and equipment

All property, plant and equipment are stated at cost, less accumulated depreciation and impairment loss, if any. The Cost comprises purchase cost, borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

Right to Use Assets (ROU): The Company as a lessee records an ROU asset for each lease with an original term greater than 12 months. ROU assets are included Office premises, with the corresponding lease liabilities disclosed in financial liabilities. Depreciation on ROU asset is being charged on the basis of Lease term

(c) Intangible assets

Intangible assets acquired or developed are measured on initial recognition at cost and stated at cost less accumulated amortisation and impairment loss, if any. Expenditure incurred on acquisition / development of intangible assets which are not put / ready to use at the reporting date is disclosed under intangible assets under development.

(d) Depreciation on property, plant & equipment/ intangible assets

i) Depreciable amount for property, plant and equipment / intangible assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on property, plant and equipment is provided on straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except servers which are depreciated on straight line basis over a period of 3 Years.

ii) Intangible assets primarily includes software which are amortised on straight line basis over a period of 3 years as estimated by the management.

(e) Capital work-in-progress and Capital advances:

Capital work-in-progress are property, plant and equipment which are not yet ready for their intended use. Advances given towards acquisition of Property, Plant and equipment outstanding at each reporting date are shown as other non-financial assets.

Depreciation is not recorded on capital work-in-progress until construction and installation is completed and assets are ready for its intended use.

(f) Derecognition of property, plant and equipment / intangible assets

The carrying amount of an item of property, plant and equipment / intangibles is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant and equipment / intangibles is measured as the difference between the net disposal in proceeds and the carrying amount of the item and is recognised in the statement of profit and loss when the item is derecognised.

(g) Goodwill

Goodwill represents excess of the cost of acquisition over the net fair value of the identifiable assets and liabilities or recognition at deemed cost on date of transition. No amortisation is charged on the goodwill. Goodwill recognized is tested for impairment annually and when there are indications that the carrying amount may exceed the recoverable amount.

(h) Leases

The Company's lease asset primarily consist of leases for Office premises. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

(i) Cash and cash equivalents

- (i) Cash and cash equivalents in the balance sheet comprise cash at bank and cash on hand and short-term deposit with original maturity upto three months, which are subject to insignificant risk of changes in value.
- (ii) For the purpose of presentation in the statement of cash flows, cash and cash equivalents consists of cash and short-term deposit, as defined as they are considered as integral part of company's cash management.

(j) Fair value measurement

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments.

All financial assets and financial liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- **Level 1** — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- **Level 2** — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable, or
- **Level 3** — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

(l) Financial instruments

Financial instruments is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

i Initial recognition

Financial assets are recognized when the company becomes a party to the contractual provisions of the financial instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in the statement of profit and loss.

ii Subsequent measurement

Financial assets are classified into the following specified categories: amortised cost, financial assets 'at fair value through profit and loss' (FVTPL), 'Fair value through other comprehensive income' (FVTOCI). The classification depends on the Company's business model for managing the financial assets and the contractual terms of cash flows.

Debt Instrument

Amortised Cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. This category generally applies to trade and other receivables.

Fair value through other comprehensive income (FVTOCI)

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a. The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets.
- b. The asset's contractual cash flows represent solely payments of principal and interest.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Fair value through Profit and Loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is considered only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

Equity investments

The Company measures its equity investments other than in subsidiary at fair value through profit and loss. However where the Company's management makes an irrevocable choice on initial recognition to present fair value gains and losses on specific equity investments in other comprehensive income, there is no subsequent reclassification, on sale or otherwise, of fair value gains and losses to statement of profit and loss.

Investment in subsidiary

Investment in subsidiary are carried at cost less impairment loss in accordance with IND AS 27 on "Separate Financial Statements". Refer note 6 for list of investments.

Derivative financial instruments

Derivative financial instruments are classified and measured at fair value through profit and loss.

iii Derecognition of financial assets

A financial asset is derecognised only when

- i) The Company has transferred the rights to receive cash flows from the asset or the rights have expired.

or

- ii) The Company retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients in an arrangement.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Impairment of financial assets

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Financial liabilities and equity instruments

Debt or equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised on the purchase, issue or cancellation of the Company's own equity instruments.

Financial liabilities**i Classification**

Financial liabilities are recognized when company becomes party to contractual provisions of the instrument.

The Company classifies all financial liabilities at amortised cost or fair value through profit or loss.

ii Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in

the near term. Gains or losses on liabilities held for trading are recognised in the profit or loss.

iii De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(k) Borrowings and Borrowing costs

Borrowings are initially recognised at net of transaction costs incurred and measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the Effective Interest rate (EIR)

Preference shares, which are mandatorily redeemable on a specific date are classified as liabilities.

Borrowing costs attributable to the acquisition or construction of qualifying assets till the time such assets are ready for intended use are capitalised as part of cost of the assets. All other borrowing costs are expensed in the period they occur.

(l) Provisions, contingent liabilities and contingent assets

The Company recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated.

If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements, however they are disclosed where the inflow of economic benefits is probable. When the realisation of income is virtually certain, then the related asset is no longer a contingent asset and is recognised as an asset.

(m) Revenue recognition

The Companies (Indian Accounting Standards) Amendment Rules, 2018 issued by the Ministry of Corporate Affairs (MCA) notified Ind AS 115 "Revenue from Contracts with Customers" related to revenue recognition which replaces all existing revenue recognition standards and provide a single, comprehensive model for all contracts with customers. The revised standard contains principles to determine the measurement of revenue and timing of when it is recognized. The amendment also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash

flows arising from customer contracts, including significant judgments and changes in those judgments as well as assets recognized from costs incurred to fulfill these contracts.

- A. Revenue - Revenue is measured at the fair value of consideration received or receivable. Revenue is recognised only when it can be reliably measured and it is probable that future economic benefits will flow to the Company.
- a) Company recognizes Brokerage income as per contracted rates on the execution of transactions on behalf of the clients on trade date on the basis of the date of settlement of respective exchanges.
- b) Account maintenance charges (AMC) included in other fees are recognized on time basis over the period of the contract.
- c) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.
- d) Dividend income is recognised when the Company's right to receive dividend is established.

Transaction price is accounted net of GST. Since GST is not received by the company on its own account, rather, it is collected by the Company on behalf of the government. Accordingly, it is excluded from revenue.

B. Contract Costs

In accordance with Ind AS - 115, incremental costs to obtain a contract are capitalized and amortized over the contract term if the cost are expected to be recoverable. The Company does not capitalize incremental costs to obtain a contract where the contract duration is expected to be one year or less.

C. Arrangements with Multiple Performance Obligations

The Company's contracts with customers may include multiple performance obligations. For such arrangements, the Company allocates revenue to each performance obligation based on its relative standalone selling price, which is generally determined based on the price charged to customers.

D. Contract assets and liabilities

Contract assets relate primarily to the Company's rights to consideration for work completed but not billed at each reporting date. Contract assets are transferred to receivables when the rights become unconditional. This usually occurs when the Company issues an invoice to a customer.

Contract liabilities primarily relate to consideration received in advance from customers, for which the performance obligation is yet to be satisfied.

(n) Retirement and other employee benefits

- (i) The Company operates both defined benefit and defined contribution schemes for its employees.

For defined contribution schemes the amount charged as expense is equal to the contributions paid or payable when employees have rendered services entitling them to the contributions.

For defined benefit plans, actuarial valuations are carried out at each balance sheet date using the Projected Unit Credit Method. The Company makes contribution to a scheme administered by the Life Insurance Corporation of India ("LIC") to discharge the gratuity liability to employees. The Company records its gratuity liability based on an actuarial valuation made by an independent actuary as at year end. Contribution made

to the LIC fund and provision made for the funded amounts are expensed in the books of accounts.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability/ (asset) are recognized in the Statement of Profit and Loss. Remeasurements of the net defined benefit liability/ (asset) comprising actuarial gains and losses (excluding interest on the net defined benefit liability/ (asset)) are recognised in Other Comprehensive Income (OCI). Such remeasurements are not reclassified to the statement of profit and loss, in the subsequent periods.

- (ii) Short term employee benefits: All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability.

(o) Transactions in foreign currencies

- (i) The functional currency of the Company is Indian Rupees ("Rs."). Foreign currency transactions are accounted at the exchange rate prevailing on the date of such transactions.
- (ii) Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Exchange differences arising on settlement of monetary items or on reporting such monetary items at rates different from those at which they were initially recorded during the period, or reported in previous financial statements are recognised as income or as expenses in the period in which they arise.
- (iii) Non-monetary foreign currency items are carried at historical cost and translated at the exchange rate prevailing at the date of the transaction.

(p) Accounting for taxes on income

Tax expense comprises of current and deferred tax.

Current tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Current tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax is recognized in the statement of profit and loss except to the extent that the tax relates to items recognized directly in other comprehensive income or directly in equity.

Deferred tax

Deferred tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred tax arises from the initial recognition of an asset or liability that effects neither accounting nor taxable profit or loss at the time of transition.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

Presentation of current and deferred tax

Current and deferred tax are recognized as income or an expense in the statement of profit and loss, except to the extent they relate to items that are recognized in other comprehensive income, in which case, the current and deferred tax income / expense are recognised in other comprehensive income.

Deferred tax assets are also recognised with respect to carry forward of unused tax losses and unused tax credits (including Minimum Alternative Tax credit) to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Minimum Alternate Tax (MAT) paid in accordance with tax laws, which give rise to future economic benefits in the form of adjustment of future tax liability, is recognised as an asset only when, based on convincing evidence, it is probable that the future economic benefits associated with it will flow to the company and the assets can be measured reliably.

(q) Impairment of non-financial assets

The carrying amounts of non financial assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An asset is treated as impaired when the carrying amount exceeds its recoverable value. The recoverable amount is the greater of an asset's or cash generating unit's, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value using a pre-tax discount rate that reflects current market assessment of the time value of money and risks specific to the assets. An impairment loss is charged to the statement of profit and loss in the year in which an asset is identified as impaired. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life. The impairment loss recognized in prior accounting periods is reversed by crediting the statement of profit and loss if there has been a change in the estimate of recoverable amount.

(r) Provisions

Provision is recognised when an enterprise has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are determined based on management estimates required to settle the obligation at the balance sheet date, supplemented by experience of similar transactions. These are reviewed at the balance sheet date and adjusted to reflect the current management estimates.

(s) Earnings per share

Basic earnings per share is computed and disclosed using the weighted average number of equity shares outstanding during the period. Dilutive earnings per share is computed and disclosed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the period, except when the results would be anti-dilutive.

(t) Share based payments

The Company recognizes compensation expense relating to share-based payments in net profit using fair-value in accordance with Ind AS 102, Share- Based Payment. The estimated fair value of awards is charged to statement of profit and loss on a straight-line basis over the requisite service

period for each separately vesting portion of the award as if the award was in substance, multiple awards with a corresponding increase to share based payment reserves.

(u) Dividend

Provision is made for the amount of any dividend declared on or before the end of the reporting period but remaining undistributed at the end of the reporting period, where the same has been appropriately authorised and is no longer at the discretion of the entity.

(v) Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(w) Exceptional items

Certain occasions, the size, type, or incidences of the item of income or expenses pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expenses are classified as an exceptional item and accordingly, disclosed in the financial statements.

Critical accounting judgment and estimates

The preparation of financial statements requires management to exercise judgment in applying the Company's accounting policies. It also requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and the accompanying disclosures including disclosure of contingent liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis, with revisions recognised in the period in which the estimates are revised and in any future periods affected.

a Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that have a low probability of crystallising or are very difficult to quantify reliably, are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements. There can be no assurance regarding the final outcome of these legal proceedings.

b Useful lives and residual values

The Company reviews the useful lives and residual values of property, plant and equipment and intangible assets at each financial year end.

c Impairment testing

Judgement is also required in evaluating the likelihood of collection of customer debt after revenue has been recognised. This evaluation requires estimates to be made, including the level of provision to be made for amounts with uncertain recovery profiles. Provisions are based on historical trends in the percentage of debts which are not recovered, or on more detailed reviews of individually significant balances.

Determining whether the carrying amount of these assets has any indication of impairment also requires judgment. If an indication of impairment is identified, further judgment is required to assess whether the carrying amount can be supported by the net present value of future cash flows forecast to be derived from the asset. This forecast involves cash flow projections and selecting the appropriate discount rate.

d Tax

The Company's tax charge is the sum of the total current and deferred tax charges. The calculation of the Company's total tax charge necessarily involves a degree of estimation and judgement in respect of certain items whose tax treatment cannot be finally determined until resolution has been reached with the relevant tax authority or, as appropriate, through a formal legal process.

Accruals for tax contingencies require management to make judgments and estimates in relation to tax related issues and exposures.

The recognition of deferred tax assets is based upon whether it is more likely than not that sufficient and suitable taxable profits will be available in the future against which the reversal of temporary differences can be deducted. Where the temporary differences are related to losses, the availability of the losses to offset against forecast taxable profits is also considered. Recognition therefore involves judgment regarding the future financial performance of the particular legal entity or tax Company in which the deferred tax asset has been recognized.

e Fair value measurement

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of a fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of reporting year during which the change has occurred.

f Defined benefit obligation

The costs of providing pensions and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates. The same is disclosed in Note 39, 'Employee benefits'.

g Fair valuation of employee share options

The fair valuation of the employee share options is based on the Black-Scholes model used for valuation of options. Further details are discussed in note 20

h Determining whether an arrangement contains a lease

In determining whether an arrangement is, or contains a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease date if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset, even if that right is not explicitly specified in the arrangement

i Impairment of financial assets

The Company recognizes loss allowances for expected credit losses on its financial assets measured at amortized cost. At each reporting date, the Company assesses whether financial assets carried at amortized cost are credit-impaired. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

g Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

IndAS 16 – Property Plant and equipment-

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its consolidated financial statements.

IndAS 37–Provisions, Contingent Liabilities and Contingent Assets –

The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted. The Company has evaluated the amendment and the impact is not expected to be material.

f) Employees Stock Option Scheme (ESOP)

The Company had instituted an Employee Stock Option Plan ("ESOP - 2017 or "the Scheme") as approved by Board of Directors and Shareholders of the Company. Under the scheme, 38,85,000 Stock Options were granted (Phase I: 37,00,000 & Phase II: 1,85,000) at a price of Rs. 7/- per option to the employees of the Company. As per the scheme, 33%, 33% and 34% of the total grant shall be vested at the end of every year from the original grant dates. The options vested would be exercisable at any time within a period of one year from the date of vesting and the equity shares arising on exercise of options shall not be subject to any lock in. No options are outstanding as at 31 March, 2022. During the year 7,02,840 options were excersied and balance lapsed. Further the scheme has been discontinued during the year.

Further the Members of the Company had verified modified and amended ESOP – 2017 by way of postal ballot dated October 16, 2020, the result of which was declared on November 27, 2020, subsequently the Company has granted 4,67,000 options and 11,75,580 options under phase III and phase IV respectively to its employees under the modified LKPS ESOP – 2017, from the lapsed options at a price of Rs. 7/- per option. As per the grant, 50% of the option shall vest after the expiry of 12 months and 50% of the option shall vest after the expiry of 24 months from the original date of grant. The options vested would be exercisable at any time within a period of three years from the date of vesting and the equity shares arising on exercise of options shall not be subject to any lock in. There are 2,61,000 Options and 11,75,580 Options outstanding as at 31 March, 2022 under Phase III and Phase IV respectively. ESOP – 2017 is administered by the Nomination and Remuneration Committee of the Board.

37 Financial Instruments

i) Financial risk management objective and policies

The Company's principal financial liabilities, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include investments, loans, trade receivables, other receivables, and cash and bank balances that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's management oversees the management of these risks.

a) Market risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk such as equity price risk. Financial instruments affected by market risk include loans and borrowings, deposits, other financial instruments.

1) Interest rate risk:

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair value of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that future cash flows of floating interest bearing investments will vary because of fluctuations in interest rates.

The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's short-term loans from banks, hence is not considered for calculation of interest rate sensitivity of the company.

Interest rate risk exposure

(Rs .Lakhs)

	31 March 2022	31 March 2021
Variable rate borrowings	911.45	1,015.52

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact of change in interest rate of borrowings, as follows:

	(Rs. Lakhs)	
	Increase / decrease in basis points	Effect on Profit before tax
As on 31 March 2022	+ 50 / - 50	4.56
As on 31 March 2021	+ 50 / - 50	5.08

2) Foreign currency risk:

The company enters into transactions in currency other than its functional currency and is therefore exposed to foreign currency risk. The Company analyses currency risk as to which balances outstanding in currency other than the functional currency of that company. The management has taken a position not to hedge this currency risk.

The company undertakes transactions denominated in foreign currencies, consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are not hedged considering the insignificant impact and period involved on such exposure.

The Company does not have any foreign currency risk. Hence no sensitivity analysis is required

3) Credit Risk:

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers, deposits and loans given, investments and balances at bank.

The Company measures the expected credit loss of trade receivables based on historical trend, industry practices and the business environment in which the entity operates. Expected Credit Loss is based on actual credit loss experienced and past trends based on the historical data.

Less :- Reversal during the year	172.71	181.48
Balance as at 31 March	(B) (281.35)	(355.37)
Net Trade receivable	(A) + (B) 2,118.24	1,813.42

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by credit rating agencies. Investments primarily include investment in equity shares and bonds.

b) Liquidity Risk:

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The Company's principal source of liquidity are cash and cash equivalents and the cash flow i.e. generated from operations. The Company consistently generated strong cash flows from operations which together with the available cash and cash equivalents and current investment provides adequate liquidity in short terms as well in the long term.

ii) Capital Management

For the purpose of Company's capital management, capital includes issued capital and other equity reserves. The primary objective of the Company's Capital Management is to maximize shareholder value. The Company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants.

The company monitors capital using gearing ratio, which is Net debt divided by total capital.

(Rs .Lakhs)

Other Financial Liabilities	4,359.37	4,359.37	4,643.56	4,643.56

The management assessed that cash and cash equivalents and bank balances, trade receivables, other financial assets, certain investments, trade payables and other current liabilities approximate their fair value largely due to the short-term maturities of these instruments. Difference between carrying amount and fair value of bank deposits, other financial assets, other financial liabilities and borrowings subsequently measured at amortised cost is not significant in each of the year presented.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

38 Fair Value Hierarchy :

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of a fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Following table provides the fair value measurement hierarchy of the Company's assets and liabilities.

Quantitative disclosures of fair value measurement hierarchy for assets and liabilities as at 31 March 2022

Financial Assets	Assets as at		Fair Value Hierarchy	Valuation technique(s) & key inputs used
	31 March 2022	31 March 2021		
Investments in equity shares- Non-current Investments	13.66	7.87	Level 1	Quoted in an active market
Investments in equity shares- Current Investments	387.01	292.85	Level 1	Quoted in an active market
Investments in Mutual Fund- Current Investments	0.01	0.01	Level 1	Quoted in an active market
	400.68	300.72		

Financial assets not measured at fair value includes cash and cash equivalents, trade receivables, loans and other financial assets. These are financial assets whose carrying amounts approximate fair value, due to their short-term nature

Additionally, financial liabilities such as trade payables and other financial liabilities are not measured at FVTPL, whose carrying amounts approximate fair value, because of their short-term nature.

Independent Auditor's Report on the Audit of Consolidated Financial Statements

To

The Members of **LKP Securities Limited**

1. Opinion

We have audited the accompanying consolidated financial statements of **LKP Securities Limited** ("the Holding Company or the Company") and its subsidiary (Holding Company and its subsidiary together referred to as "the Group), which comprise the consolidated balance sheet as at 31 March 2022, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements including a summary of significant accounting policies and other explanatory information (herein after referred to as "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company as at 31 March 2022, its consolidated profit, consolidated total comprehensive income, changes in equity and its consolidated cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended 31 March 2022. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1.	<p>Accuracy and completeness of revenue recognized and related IT systems</p> <p>The application of revenue recognition accounting standards involves revenue arrangements and relevant contracts.</p> <p>Due to the different revenue arrangements and the degree of complexity of IT systems and processes used, we have considered this matter as a key audit matter.</p> <p>The Group's accounting policies relating to revenue recognition are presented in note 2 to the consolidated financial statements.</p>	<p>Principal Audit Procedures</p> <p>Our audit approach was a combination of test of internal controls and substantive procedures which included the following:</p> <ul style="list-style-type: none"> - Understanding the significant revenue processes including performance of an end to end walkthrough of the revenue assurance process and identifying the relevant controls (including IT systems, interfaces and reports). - Reviewing sample contracts for accounting treatments opted and testing the related revenues recognized during the year and to have reasonable assurance of adequate IT controls. - Performing data analysis and analytical reviews of significant revenue streams; - Reviewing key reconciliations performed by the Revenue Assurance team of the Company; - Performing specific procedures to test the accuracy and completeness of adjustments relating revenue; and - Performing procedures to ensure that the revenue recognition criteria adopted by the Group for all major revenue streams is appropriate and in line with the accounting policies. <p>Conclusion</p> <p>Our procedures did not identify any material exceptions.</p>

4. Other Information

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard

5. Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the Companies are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so. The respective Board of Directors of the companies are responsible for overseeing the Group's financial reporting process.

6. Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance of the Holding Company and such other entity included in the consolidated financial statements of which we are independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

7. Other matters

We did not audit the financial statements of a subsidiary company whose financial statements reflect total assets of Rs. 182.87 lakhs as at 31 March 2022, total revenues of Rs. 141.14 lakhs, total net profit after tax of Rs. 15.97 lakhs and total other comprehensive income of Rs. 15.97 lakhs for the year ended on that date, as considered in the consolidated financial statements. The financial statements have been audited by other auditor whose reports has been furnished to us by the Management and our opinion on the consolidated annual financial results, in so far as it relates to the amounts and disclosures included in respect of the subsidiary is based solely on the reports of the other auditors

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management

8. Report on Other Legal and Regulatory requirements

Annexure - A to the Independent Auditor's Report

Report on the Internal Financial Controls under clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 8(f) under 'Report on Other Legal and Regulatory Requirements' of our Report of even date to the members of the LKP Securities Limited on the consolidated financial statements for the year ended 31 March 2022

We have audited the internal financial controls over financial reporting of **LKP Securities Limited** ("the Company" or "the Holding Company"), and its subsidiary, incorporated in India (the Holding Company and its subsidiary together referred to as "the Group") as of 31 March 2022 in conjunction with our audit of the consolidated financial statements of the Group for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Group based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditor of the subsidiary, incorporated in India, in terms of the report referred to in the Other Matter paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Group.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, and its subsidiary incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matter

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to a subsidiary incorporated in India, is based solely on corresponding reports of the auditor of such company incorporated in India. Our opinion is not qualified in respect of this matter.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

1 Company information

LKP Securities Limited ("the Company") is domiciled and incorporated in India and its shares are publicly traded on the Bombay Stock Exchange(BSE) in India. The Company's registered office is located at 203, Embassy centre, Nariman point, Mumbai 400021, Maharashtra, India. The Company is engaged as a stock and securities broker and providing other financial service with nationwide network across assets classes equities, debt, structured products, Portfolio Management services and Third party distribution.

The separate financial statement (hereinafter referred to as "Financial Statements") of the Group for the year ended 31 March 2022 were authorised for issue by the Board of Directors at the meeting held on 29 April 2022.

2 Significant accounting policies

(a) Basis of preparation

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and liabilities defined benefit plan liabilities and share based payments that are measured at fair values at the end of each reporting period, as stated in the accounting policies stated out below. The group presents its Balance sheet in the order of Liquidity.

Accounting policies have been consistently applied except where newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakh as per the requirement of schedule III (except per share data), unless otherwise stated. 0 (Zero) denotes amount less than thousand.

(b) Property, plant and equipment

All property, plant and equipment are stated at cost, less accumulated depreciation and impairment loss, if any. The Cost comprises purchase cost, borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

Right to Use Assets (ROU): The group as a lessee records an ROU asset for each lease with an original term greater than 12 months. ROU assets are included Office premises , with the corresponding lease liabilities disclosed in financial liabilities. Depreciation on ROU asset is being charged on the basis of Lease term

(c) Intangible assets

Intangible assets acquired or developed are measured on initial recognition at cost and stated at cost less accumulated amortisation and impairment loss, if any. Expenditure incurred on acquisition / development of intangible assets which are not put / ready to use at the reporting date is disclosed under intangible assets under development.

(d) Depreciation on property, plant & equipment/ intangible assets

i) Depreciable amount for property, plant and equipment / intangible assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on property, plant and equipment is provided on straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except servers which are depreciated on straight line basis over a period of 3 years.

ii) Intangible assets primarily includes software which are amortised on straight line basis over a period of 3 years as estimated by the management.

(e) Capital work-in-progress and Capital advances:

Capital work-in-progress are property, plant and equipment which are not yet ready for their intended use. Advances given towards acquisition of Property, Plant and equipment outstanding at each reporting date are shown as other non-financial assets.

Depreciation is not recorded on capital work-inprogress until construction and installation is completed and assets are ready for its intended use.

(f) Derecognition of property, plant and equipment / intangible assets

The carrying amount of an item of property, plant and equipment / intangibles is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant and equipment / intangibles is measured as the difference between the net disposal in proceeds and the carrying amount of the item and is recognised in the statement of profit and loss when the item is derecognised.

(g) Goodwill

Goodwill represents excess of the cost of acquisition over the net fair value of the identifiable assets and liabilities or recognition at deemed cost on date of transition. No amortisation is charged on the goodwill. Goodwill recognized is tested for impairment annually and when there are indications that the carrying amount may exceed the recoverable amount.

(h) Leases

The Group's lease asset primarily consist of leases for Office premises . The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

(i) Cash and cash equivalents

- (i) Cash and cash equivalents in the balance sheet comprise cash at bank and cash on hand and short-term deposit with original maturity upto three months, which are subject to insignificant risk of changes in value.
- (ii) For the purpose of presentation in the statement of cash flows, cash and cash equivalents consists of cash and short-term deposit, as defined as they are considered as integral part of group's cash management.

(j) Fair value measurement

The group has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments.

All financial assets and financial liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- **Level 1** — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- **Level 2** — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable, or
- **Level 3** — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

(l) Financial instruments

Financial instruments is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

i Initial recognition

Financial assets are recognized when the group becomes a party to the contractual provisions of the financial instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in the statement of profit and loss.

ii Subsequent measurement

Financial assets are classified into the following specified categories: amortised cost, financial assets 'at fair value through profit and loss' (FVTPL), 'Fair value through other comprehensive income' (FVTOCI). The classification depends on the group's business model for managing the financial assets and the contractual terms of cash flows.

Debt Instrument

Amortised Cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. This category generally applies to trade and other receivables.

Fair value through other comprehensive income (FVTOCI)

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a. The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets.
- b. The asset's contractual cash flows represent solely payments of principal and interest.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the group recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Fair value through Profit and Loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, the group may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is considered only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

Equity investments

The group measures its equity investments other than in subsidiary at fair value through profit and loss. However where the group's management makes an irrevocable choice on initial recognition to present fair value gains and losses on specific equity investments in other comprehensive income, there is no subsequent reclassification, on sale or otherwise, of fair value gains and losses to statement of profit and loss.

Investment in subsidiary

Investment in subsidiary are carried at cost less impairment loss in accordance with IND AS 27 on "Separate Financial Statements". Refer note 6 for list of investments.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

Derivative financial instruments

Derivative financial instruments are classified and measured at fair value through profit and loss.

iii Derecognition of financial assets

A financial asset is derecognised only when

- i) The group has transferred the rights to receive cash flows from the asset or the rights have expired.
- or
- ii) The group retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients in an arrangement.

Where the entity has transferred an asset, the group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Impairment of financial assets

The group measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Financial liabilities and equity instruments

Debt or equity instruments issued by the group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the group are recognised at the proceeds received, net of direct issue costs.

Repurchase of the group's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised on the purchase, issue or cancellation of the group's own equity instruments.

Financial liabilities

i Classification

Financial liabilities are recognized when group becomes party to contractual provisions of the instrument.

The group classifies all financial liabilities at amortised cost or fair value through profit or loss.

ii Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the profit or loss.

iii De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(k) Borrowings and Borrowing costs

Borrowings are initially recognised at net of transaction costs incurred and measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the Effective Interest rate (EIR)

Preference shares, which are mandatorily redeemable on a specific date are classified as liabilities.

Borrowing costs attributable to the acquisition or construction of qualifying assets till the time such assets are ready for intended use are capitalised as part of cost of the assets. All other borrowing costs are expensed in the period they occur.

(l) Provisions, contingent liabilities and contingent assets

The group recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated.

If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements, however they are disclosed where the inflow of economic benefits is probable. When the realisation of income is virtually certain, then the related asset is no longer a contingent asset and is recognised as an asset.

(m) Revenue recognition

The Companies (Indian Accounting Standards) Amendment Rules, 2018 issued by the Ministry of Corporate Affairs (MCA) notified Ind AS 115 "Revenue from Contracts with Customers" related to revenue recognition which replaces all existing revenue recognition standards and provide a single, comprehensive model for all contracts with customers. The revised standard contains principles to determine the measurement of revenue and timing of when it is recognized. The amendment also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in those judgments as well as assets recognized from costs incurred to fulfill these contracts.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

A. Revenue - Revenue is measured at the fair value of consideration received or receivable. Revenue is recognised only when it can be reliably measured and it is probable that future economic benefits will flow to the group.

- a) Group recognizes Brokerage income as per contracted rates on the execution of transactions on behalf of the clients on trade date on the basis of the date of settlement of respective exchanges.
- b) Account maintenance charges (AMC) included in other fees are recognized on time basis over the period of the contract.
- c) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably.
- d) Dividend income is recognised when the group's right to receive dividend is established.

Transaction price is accounted net of GST. Since GST is not received by the group on its own account, rather, it is collected by the group on behalf of the government. Accordingly, it is excluded from revenue.

B. Contract Costs

In accordance with Ind AS - 115, incremental costs to obtain a contract are capitalized and amortized over the contract term if the cost are expected to be recoverable. The Group does not capitalize incremental costs to obtain a contract where the contract duration is expected to be one year or less.

C. Arrangements with Multiple Performance Obligations

The Group's contracts with customers may include multiple performance obligations. For such arrangements, the Group allocates revenue to each performance obligation based on its relative standalone selling price, which is generally determined based on the price charged to customers.

D. Contract assets and liabilities

Contract assets relate primarily to the Group's rights to consideration for work completed but not billed at each reporting date. Contract assets are transferred to receivables when the rights become unconditional. This usually occurs when the Group issues an invoice to a customer.

Contract liabilities primarily relate to consideration received in advance from customers, for which the performance obligation is yet to be satisfied.

(n) Retirement and other employee benefits

- (i) The Group operates both defined benefit and defined contribution schemes for its employees.

For defined contribution schemes the amount charged as expense is equal to the contributions paid or payable when employees have rendered services entitling them to the contributions.

For defined benefit plans, actuarial valuations are carried out at each balance sheet date using the Projected Unit Credit Method. The Group makes contribution to a scheme administered by the Life Insurance Corporation of India ("LIC") to discharge the gratuity liability to employees. The Group records its gratuity liability based on an actuarial valuation made by an independent actuary as at year end. Contribution made to the LIC fund and provision made for the funded amounts are expensed in the books of accounts.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability/ (asset) are recognized in the Statement of Profit and Loss. Remeasurements of the net defined benefit liability/ (asset) comprising actuarial gains and losses (excluding interest on the net defined benefit liability/ (asset)) are recognised in Other Comprehensive Income (OCI). Such remeasurements are not reclassified to the statement of profit and loss, in the subsequent periods.

- (ii) Short term employee benefits: All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The Group recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability.

(o) Transactions in foreign currencies

- (i) The functional currency of the Group is Indian Rupees ("Rs."). Foreign currency transactions are accounted at the exchange rate prevailing on the date of such transactions.
- (ii) Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Exchange differences arising on settlement of monetary items or on reporting such monetary items at rates different from those at which they were initially recorded during the period, or reported in previous financial statements are recognised as income or as expenses in the period in which they arise.
- (iii) Non-monetary foreign currency items are carried at historical cost and translated at the exchange rate prevalent at the date of the transaction.

(p) Accounting for taxes on income

Tax expense comprises of current and deferred tax.

Current tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Current tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax is recognized in the statement of profit and loss except to the extent that the tax relates to items recognized directly in other comprehensive income or directly in equity.

Deferred tax

Deferred tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred tax arises from the initial recognition of an asset or liability that effects neither accounting nor taxable profit or loss at the time of transition.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

Presentation of current and deferred tax

Current and deferred tax are recognized as income or an expense in the statement of profit and loss, except to the extent they relate to items that are recognized in other comprehensive income, in which case, the current and deferred tax income / expense are recognised in other comprehensive income.

Deferred tax assets are also recognised with respect to carry forward of unused tax losses and unused tax credits (including Minimum Alternative Tax credit) to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Minimum Alternate Tax (MAT) paid in accordance with tax laws, which give rise to future economic benefits in the form of adjustment of future tax liability, is recognised as an asset only when, based on convincing evidence, it is probable that the future economic benefits associated with it will flow to the Group and the assets can be measured reliably.

(q) Impairment of non-financial assets

The carrying amounts of non financial assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An asset is treated as impaired when the carrying amount exceeds its recoverable value. The recoverable amount is the greater of an asset's or cash generating unit's, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value using a pre-tax discount rate that reflects current market assessment of the time value of money and risks specific to the assets. An impairment loss is charged to the statement of profit and loss in the year in which an asset is identified as impaired. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life. The impairment loss recognized in prior accounting periods is reversed by crediting the statement of profit and loss if there has been a change in the estimate of recoverable amount.

(r) Provisions

Provision is recognised when an enterprise has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are determined based on management estimates required to settle the obligation at the balance sheet date, supplemented by experience of similar transactions. These are reviewed at the balance sheet date and adjusted to reflect the current management estimates.

(s) Earnings per share

Basic earnings per share is computed and disclosed using the weighted average number of equity shares outstanding during the period. Dilutive earnings per share is computed and disclosed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the period, except when the results would be anti-dilutive.

(t) Share based payments

The Group recognizes compensation expense relating to share-based payments in net profit using fair-value in accordance with Ind AS 102, Share- Based Payment. The estimated fair value of awards is charged to statement of profit and loss on a straight-line basis over the requisite service period for each separately

vesting portion of the award as if the award was in substance, multiple awards with a corresponding increase to share based payment reserves.

(u) Dividend

Provision is made for the amount of any dividend declared on or before the end of the reporting period but remaining undistributed at the end of the reporting period, where the same has been appropriately authorised and is no longer at the discretion of the entity.

(v) Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(w) Exceptional items

Certain occasions, the size, type, or incidences of the item of income or expenses pertaining to the ordinary activities of the Group is such that its disclosure improves the understanding of the performance of the Group, such income or expenses are classified as an exceptional item and accordingly, disclosed in the financial statements.

Critical accounting judgment and estimates

The preparation of financial statements requires management to exercise judgment in applying the Group's accounting policies. It also requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and the acGrouping disclosures including disclosure of contingent liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis, with revisions recognised in the period in which the estimates are revised and in any future periods affected.

a Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Group. Potential liabilities that have a low probability of crystallising or are very difficult to quantify reliably, are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements. There can be no assurance regarding the final outcome of these legal proceedings.

b Useful lives and residual values

The Group reviews the useful lives and residual values of property, plant and equipment and intangible assets at each financial year end.

c Impairment testing

Judgement is also required in evaluating the likelihood of collection of customer debt after revenue has been recognised. This evaluation requires estimates to be made, including the level of provision to be made for amounts with uncertain recovery profiles. Provisions are based on historical trends in the percentage of debts which are not recovered, or on more detailed reviews of individually significant balances.

Determining whether the carrying amount of these assets has any indication of impairment also requires judgment. If an indication of impairment is identified, further judgment is required to assess whether the carrying amount can be supported by the net present value of future cash flows forecast to be derived from the asset. This forecast involves cash flow projections and selecting the appropriate discount rate.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

d Tax

The Group's tax charge is the sum of the total current and deferred tax charges. The calculation of the Group's total tax charge necessarily involves a degree of estimation and judgement in respect of certain items whose tax treatment cannot be finally determined until resolution has been reached with the relevant tax authority or, as appropriate, through a formal legal process.

Accruals for tax contingencies require management to make judgments and estimates in relation to tax related issues and exposures.

The recognition of deferred tax assets is based upon whether it is more likely than not that sufficient and suitable taxable profits will be available in the future against which the reversal of temporary differences can be deducted. Where the temporary differences are related to losses, the availability of the losses to offset against forecast taxable profits is also considered. Recognition therefore involves judgment regarding the future financial performance of the particular legal entity or tax Group in which the deferred tax asset has been recognized.

e Fair value measurement

A number of Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

-Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

-Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. prices) or indirectly (i.e. derived from prices).

-Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of a fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognizes transfers between levels of the fair value hierarchy at the end of reporting year during which the change has occurred.

f Defined benefit obligation

The costs of providing pensions and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates. The same is disclosed in Note 40, 'Employee benefits'.

g Fair valuation of employee share options

The fair valuation of the employee share options is based on the Black-Scholes model used for valuation of options. Further details are discussed in note 21

h Determining whether an arrangement contains a lease

In determining whether an arrangement is, or contains a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease date if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset, even if that right is not explicitly specified in the arrangement

i Impairment of financial assets

The Group recognizes loss allowances for expected credit losses on its financial assets measured at amortized cost. At each reporting date, the Group assesses whether financial assets carried at amortized cost are credit-impaired. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

g Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

IndAS 16 - Property Plant and equipment-

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its consolidated financial statements.

IndAS 37- Provisions, Contingent Liabilities and Contingent Assets-

The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted. The Company has evaluated the amendment and the impact is not expected to be material.

f) Employees Stock Option Scheme (ESOP)

The Parent Company had instituted an Employee Stock Option Plan ("ESOP - 2017 or "the Scheme") as approved by Board of Directors and Shareholders of the Company. Under the scheme, 38,85,000 Stock Options were granted (Phase I: 37,00,000 & Phase II: 1,85,000) at a price of Rs. 7/- per option to the employees of the Company. As per the scheme, 33%, 33% and 34% of the total grant shall be vested at the end of every year from the original grant dates. The options vested would be exercisable at any time within a period of one year from the date of vesting and the equity shares arising on exercise of options shall not be subject to any lock in. No options are outstanding as at 31 March, 2022. During the year 7,02,840 options were excersied and balance lapsed. Further the scheme has been discontinued during the year.

Further the Members of the Parent Company had verified modified and amended ESOP – 2017 by way of postal ballot dated October 16, 2020, the result of which was declared on November 27, 2020, subsequently the Company has granted 4,67,000 options and 11,75,580 options under phase III and phase IV respectively to its employees under the modified LKPS ESOP – 2017, from the lapsed options at a price of Rs. 7/- per option. As per the grant, 50% of the option shall vest after the expiry of 12 months and 50% of the option shall vest after the expiry of 24 months from the original date of grant. The options vested would be exercisable at any time within a period of three years from the date of vesting and the equity shares arising on exercise of options shall not be subject to any lock in. There are 2,61,000 Options and 11,75,580 Options outstanding as at 31 March, 2022 under Phase III and Phase IV respectively. ESOP – 2017 is administered by the Nomination and Remuneration Committee of the Board.

38 Financial Instruments

i) Financial risk management objective and policies

The Group's principal financial liabilities, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include investments, loans, trade receivables, other receivables, and cash and bank balances that derive directly from its operations.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's management oversees the management of these risks.

a) Market risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk such as equity price risk. Financial instruments affected by market risk include loans and borrowings, deposits, other financial instruments.

1) Interest rate risk:

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair value of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that future cash flows of floating interest bearing investments will vary because of fluctuations in interest rates.

The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's short-term loan from banks. hence is not considered for calculation of interest rate sensitivity of the Group.

Interest rate risk exposure

(Rs. Lakhs)

	31 March 2022	31 March 2021
Variable rate borrowings	911.45	1,015.52

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Group's profit before tax is affected through the impact of change in interest rate of borrowings, as follows:

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

As on 31 March 2022	+ 50 / - 50	4.56
As on 31 March 2021	+ 50 / - 50	5.08

2) Foreign currency risk:

The Group does not have any foreign currency risk. Hence no sensitivity analysis is required

3) Credit Risk:

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers, deposits and loans given, investments and balances at bank.

The Group measures the expected credit loss of trade receivables based on historical trend, industry practices and the business environment in which the entity operates. Expected Credit Loss is based on actual credit loss experienced and past trends based on the historical data.

Balance as at 31 March	(B) (281.35)	(355.37)
Net Trade receivable	(A)+(B) 2,132.93	1,832.31

Credit risk on cash and cash equivalents is limited as the Group generally invest in deposits with banks and financial institutions with high credit ratings assigned by credit rating agencies. Investments primarily include investment in equity shares and bonds.

b) Liquidity Risk:

Liquidity risk refers to the risk that the Group cannot meet its financial obligations. The Group's principal source of liquidity are cash and cash equivalents and the cash flow i.e. generated from operations. The Group consistently generated strong cash flows from operations which together with the available cash and cash equivalents and current investment provides adequate liquidity in short terms as well in the long term.

ii) Capital Management

For the purpose of Groups's capital management, capital includes issued capital and other equity reserves. The primary objective of the Group's Capital Management is to maximize shareholder value. The Group manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants.

The Group monitors capital using gearing ratio, which is Net debt divided by total capital.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

The management assessed that cash and cash equivalents and bank balances, trade receivables, other financial assets, certain investments, trade payables and other current liabilities approximate their fair value largely due to the short-term maturities of these instruments. Difference between carrying amount and fair value of bank deposits, other financial assets, other financial liabilities and borrowings subsequently measured at amortised cost is not significant in each of the year presented.

39 Fair Value Hierarchy :

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of a fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Following table provides the fair value measurement hierarchy of the Group's assets and liabilities.

Quantitative disclosures of fair value measurement hierarchy for assets and liabilities as at 31 March 2022

(Rs. Lakhs)

Financial Assets	Assets as at		Fair Value Hierarchy	Valuation technique(s) & key inputs used
	31 March 2022	31 March 2021		
Investments in equity shares- Non-current Investments	13.66	7.87	Level 1	Quoted in an active market
Investments in equity shares- Current Investments	387.02	292.85	Level 1	Quoted in an active market
Investments in Mutual Fund- Current Investments	67.42	65.25	Level 1	Quoted in an active market
	468.10	365.97		

Financial assets not measured at fair value includes cash and cash equivalents, trade receivables, loans and other financial assets. These are financial assets whose carrying amounts approximate fair value, due to their short-term nature.

Additionally, financial liabilities such as trade payables and other financial liabilities are not measured at FVTPL, whose carrying amounts approximate fair value, because of their short-term nature.
